

Sr. No.	Name of Item	Figure
1	Portable Dissolved Oxygen meter	
2	Portable Hand-Held TSS Meter	
3	UV-Visible Spectrophotometer	
4	COD Reactor	

5	BOD Track Apparatus	
6	BOD Incubator	
7	Muffle Furnace with Thermo-Static Control	
8	Fine Particulate sampler Envirotech (Dust samplers)	

9	Fully Automatic Vertical Autoclave Digital	 A stainless steel vertical autoclave with a digital control panel on the top left and a large circular door on top with a handle.
10	Jar Test Apparatus	 A blue metal tray with six circular wells, used for testing bacterial growth.
11	Laminar Air Flow Bench	 A stainless steel laminar air flow bench with a glass front and a control panel on the right side.
12	Orbital Shaker	 A blue and white orbital shaker with a control panel on the front and a tray of test tubes on top.
