

Name: Mr. Jay Vora

Publications:

1. “Effect of activating fluxes on weld bead geometry of Low Activation Ferritic/Martensitic steel welded by tungsten inert gas process” by Jay J. Vora & Dr.Vishvesh J. Badheka (In Communication to materials and manufacturing process, T&F)
2. “Effect of thermal heat treatment on hardness and ferrite content of austenitic stainless steel weld overlay over 1.25 Cr-0.5 Mo steel” by Jay Vora accepted at International Conference On “Chemical Environmental, Bioprocess, Textile, Mining, Material and Metallurgical Engineering” (CEBTME-2014) organized by “Krishi sanskriti” on 17th and 18th January 2015. Abstract selected.
